

## 20 Minute Makeover event in Waterloo (April 22)

Bring some Earth Day™ into your work day!

The annual 20 Minute Makeover event encourages businesses and schools to spend 20 minutes at 2 p.m. on Earth Day® (April 22) picking up litter on private property. What a difference 20 minutes can make when we work together in the spirit of Earth Day!

In 2017, 34 teams from local organizations were involved in the 20 Minute Makeover event in Waterloo. Over 2,900 people hit the streets around their business or school yard to give their property a makeover!

### Thank you

This event is made possible by the Litter Reduction Task Force, City of Kitchener and City of Waterloo.

Thank you to the following organizations and schools who registered their team and gave their property a makeover during the 20 Minute Makeover event!
