## NOTICE OF PUBLIC INFORMATION CENTRE

### **KING STREET, UPTOWN WATERLOO – ROAD AND STREETScape CONSTRUCTION (PHASE I)**

#### **FROM ELGIN STREET TO ION TRACKS AND ERB STREET FROM KING STREET TO WATERLOO TOWN SQUARE ENTRANCE**

The City of Waterloo, in association with the Region of Waterloo, is proceeding with the reconstruction and streetscape improvements of King Street North, from Elgin Street to the ION Tracks, south of Erb Street. The work includes the replacement of sanitary sewer, storm sewer, watermain, and the complete reconstruction of the roadway including replacement of curb and gutter, and sidewalks. Including the addition of new segregated cycle tracks, streetlights, wider sidewalks, enhanced landscaping and parking on one side of the road.

The objective of the project is to make King Street more accessible for everyone, with a streetscape environment that offers a safe, lively, accessible and attractive place to work, live, shop, learn and play. The improvements are intended to enhance the overall streetscape environment and improve the quality of business and economic life of Uptown Waterloo.

More information about the reconstruction of King Street will be shared at an upcoming Public Information Centre (PIC). The objective of the PIC is for you to view the design and comment on the construction schedule and staging of work.

**Date: Tuesday, January 31st, 2017**

**Time: Drop in any time between 5:00 p.m. – 7:30 p.m.**
